

Social and Personal

THE crowning event of a week in which there have been five large and handsome debutante functions was the reception and dance given last night by Mr. and Mrs. Levin Joyner to their daughter, Miss Virginia Archer Joyner, a most attractive member of the attractive group forming the season's buds.

The hall, foyer and ballroom were decorated with palms, festooned with Southern smilax and massed with ferns and flowers, bay trees and other accessories transforming the foyer into a beautiful background for the soft hues and sparkling jewels worn by hostess and guests.

Miss Julia Joyner stood with Mr. and Mrs. Joyner. Mrs. Joyner was attired in black chiton with lace over hand-painted chiffon and satin, with diamonds and pearls. Her flowers were yellow roses, sprayed with violet.

Miss Julia Joyner wore a charming confection of blue satin charmeuse and carried pale lavender orchids. The debutante was radiantly pretty in a white satin brocade frock, veiled with pink chiffon that was embroidered with roses and trimmed with crystals.

Out of the masses of flowers by which her debutante night was remembered she had chosen an old-fashioned conventional bouquet of pink rosebuds and gardenias.

In the supper room the table was set in the form of a Maltese cross, with a superb basket of roses in the center and smaller baskets at the ends. The dance was beautifully led, and the entire evening seemed the climax in which the other entertainments preceding it had culminated. Certainly the debutantes of 1911-1912 are fortunate and much-feted young girls.

Witness Heard Noise in Glover

Home, but Made no Investigation.

Cambridge, Mass., December 2.—A noise was distinctly heard in the home of Mrs. Lillian M. Glover, of Waltham the night after the one on which her husband, Clarence F. Glover, came to his death by shooting, according to testimony given to-day in the trial of Hattie LeBlanc, charged with the murder of Glover. George J. Freeman, of Newton, a friend of Mrs. Glover, who, with his wife, stayed at the Glover home for two or three days after the murder, testified to hearing this noise, but said he did not investigate it. This testimony occurred during cross-examination by Melvin M. Johnson, the LeBlanc girl's attorney, but he was unable to induce either Freeman, his wife or Mrs. Glover herself to admit that they saw any trace of the noise at the home of the LeBlanc, who was found hiding under a bed in the spare room three days after the shooting.

Mrs. Freeman admitted to Mr. Johnson that she had placed some furniture in front of the door of the spare room, but said she could not explain her motive.
